

WILTON BOARD OF CEMETERY TRUSTEES

PO Box 83 Wilton, NH 03086

August 27th, 2013 Cemetery Trustee Minutes

7:PM Call to order

Attendance, Brian Adams John Jowders, Steve Elliott

Approve last months minutes.

Received 1 bid for tree removal, Steve will call Fitzpatrick for a bid also.

Stanley Young asked to discuss tree removal from the cemeteries. He feels the pine trees should not be removed, they prohibit grass growth and saves money in mowing. They are unique and have been there for many years. Feels the money should be used for stone repair. Board disagrees, feels the old pines are a liability with the limbs falling, the roots are destroying lots and the trees have grown around some stones. Betty Frye has called and appreciates the trees being slated for removal, she is fearful of the limbs falling.

Board looked at the budget and things look good.

Need to take soil samples to regulate lime and/or fertilizer

Board feels we should ask Highway Dept to dig test pits in L.H. Denny Section and the lower section to determine type of aggregate material in the ground

Brian received a call from Mrs. Everett. She has a lot in L.H. from

1961, a six grave lot with three open spaces, which she wishes to sell back to the town. Board would consider the purchase for the original purchase price.

Next meeting- Sept 24th 2013 7:00 PM at the Town Hall

Meeting adjourned 7:50 PM
